Embracing a New Academic Year: Celebrating Student Leadership and Community Spirit

As we embark on a new academic year, I am filled with excitement and anticipation for the opportunities that lie ahead. This year, we are placing a strong emphasis on student leadership and community spirit, recognizing the vital role they play in fostering a vibrant and inclusive school environment.

Student leadership empowers our young minds to take initiative, make impactful decisions, and inspire their peers. It is through these experiences that they learn the values of responsibility, teamwork, and resilience. Our school is committed to providing numerous platforms for our students to lead, be it through student council, clubs, or community service projects.

Community spirit is the cornerstone of our school, uniting us with collective energy, fostering mutual support, and celebrating our diversity. We are organizing various events and activities that promote unity, kindness, and collaboration, ensuring every student feels valued and included.

I encourage all students, parents, and staff to actively participate in these initiatives and contribute to the growth and success of our school community. Let us work together to make this academic year a memorable and enriching experience for everyone.

Leadership Training in School

Our school nurtures leadership qualities in young students through various programmes at all levels and grades.

To begin with, students are encouraged to be leaders from the montessori level and the primary school level, where they are selected to be part of the student council as head boy, head girl, and house captains. They are given complete guidance and duties to exercise their leadership. Students are therefore better disciplined and learn to be grounded leaders. The student council also has deputy head boy, deputy head girl and deputy house captains to better trained. In addition to this, they also have two HSCP captains to instill in student the importance of health safety and child protection. From a very young age, our students are made aware of the rules for safety and they implement the same in their duties. The student council plays an active role and promote a sense of belonging and loyalty, inspiring all the students to be part of the council and build a better future community.

At the classroom level, class teachers conduct elections to elect their class monitors, following and keeping up democratic values of our country. The students fill nomination forms listing their achievements and qualities which are needed to be groomed as leaders, and are selected in an unbiased manner, based on performance in academics, extra-curricular activities, behaviour, discipline, regularity and punctuality. Thus, our students remain true leaders in the making. Every class has one selected class monitor to coordinate with the class teacher.

Even as young as in grade VI, students are exposed to basic courses on Entrepreneurship, Financial Literacy and Media Studies which form part of the additional learning under foundational and vocational initiatives programme designed by the institution for maximum preparedness to plan for a bright future of the students, making them true leaders in the making.

Every student is given an opportunity to grow as individual leaders by providing a number of platforms to develop their skills and one of them is being part of clubs in the school, like, Eco gardening and Community Service that helps children serve the society at large and grow with social responsibility. In these initiatives children are encouraged to grow their own garden in the school campus with vegetables, fruits and flowers. They are made aware of the responsibility to protect environment, and sell the produce to get the feeling of achievement and be great business leaders in the future.

At Ryan, every student is indeed a king in his/ her own stride, instilling the qualities of innate leaders, born to lead themselves and others with a sense of responsibility.

Vice - Principal**

EVENTS AND ACTIVITIES

Chairman Sir's Visit to Our School- A Memorable Day

Our honourable Chairman Sir, Dr. A. F. Pinto visited our school, RIS Kondapur, on 6th June 2024. His visit was a memorable day for all of us.

Sir emphasized on the importance of presenting oneself well and caring for the environment.

It was indeed a great day for all at Ryan International School, Kondapur, for the wonderful opportunity of interacting with Sir. Sir emphasised on seeing happy faces of children in the school and do what it takes to treat each child as a king/queen in the making. Sir insisted that we should keep on learning till our last breath and that teachers are educators and ambassadors of good education and should therefore be good role models through their behaviour and language.

Parent Orientation

The orientation program was organized where the Class Teachers and Subject Teachers were also present along with the parents.

Highlight:

The Orientation was done with a ppt, containing slides.

- Three Fun Corners were organised for the students, namely, Art, Music (Instrumental-Keyboard), Dance and Sports. Concerned teachers aided the students with these activities. Students participated and enjoyed the activities. They got a glimpse of various programs, namely Art, Dance, Keyboard, Yardstick, Sports, etc. in which they can enroll during their academic year.
- The existing parents' queries were addressed, and they were reminded to fill in diary details, use the school app and send their ward to school on time.

The program came to a successful end with a

EVENTS AND ACTIVITIES

feedback session by the parents wherein they shared their expectations and concerns for the upcoming academic year in the school. Parents were satisfied that their queries were addressed and that they were informed about the school's plan for the upcoming year.

First Day of School Reopening

The staff welcomed all the Ryanites with cordiality, sheer joy and enthusiasm. Various welcome activities conducted marking an enriching and promising year ahead.

The first day of reopening after the long summer vacation at Ryan International School was filled with excitement and new adventures. The special welcome assembly wishing everyone a memorable and successful start to your school year, was a great start to the new session. The students prayed that this academic year be full of joy, growth, and wonderful experiences. Students enjoyed their first day of school with interesting take away activity and encouraged to embrace the opportunities that come their way. (Add about the holiday homework project brought my students and their excitement to showcase/share their experiences)

Father's Day

Fathers play a great role in the life of a child. As a man, a father may be an ordinary man to the world, but he means the world to his child. For his child, he is the role model, a super hero! To give this special bond a memorable day, our school organized recreational activities in the futsal and basketball courts.

The fun activities organized for the fathers were pick & place, zig-zag, cone balance, rob the nest, dribble & shoot and futsal match. The fathers enjoyed playing happily with their children. Music and running commentary made the event a lively one.

In addition to this there was a selfie corner which

EVENTS AND ACTIVITIES

was a great hit. It was exciting to watch fathers click photographs with their children. The feedback board was filled with notes of appreciation from the fathers.

The school had also set up two stalls – one for lunch bites and the other for day care which was received well by the parents and the response was overwhelming.

The event was a great success with all the fathers feeling happy and teachers very satisfied.

World Music Day

The first World Music Day was observed and celebrated on the Summer Solstice in France in the year 1982 when the former French minister of art and culture, Jack Lange, along with Maurice Fleuret started the Fête de la Musique in Paris. That is also why World Music Day is alternatively known as Fête de la Musique. Fleuret, who initiated and organized this day for music and its lovers, was a French composer, music journalist, and radio producer. From then on, music and its importance became more known across the globe.

Highlights: Ryanites celebrated the magic of music with utmost zeal and triumph on the World Music Day by singing to the accompaniment of instruments played by teachers and students in a special assembly organized to celebrate the occasion

International Yoga Day

The Theme for Yoga 2024 is '**Yoga for Self and Society**'. Yoga provides a holistic approach to health and well-being that assists in restoring balance in our busy lives. On this special day, we celebrate its transformative power.

Yoga is the journey of the self, to the self and through the self. Yoga will continue to inspire people worldwide to prioritize mental and physical wellbeing. Ryanites performed yoga on the international yoga day in a special assembly organized for this.

EVENTS AND ACTIVITIES

Investiture Ceremony

Welcoming of the chief guest and Plantation by Chief Guest.

The day's programme began with the welcoming of the chief guest at the entrance, where the head boy badged the chief guest, Col. B S Reddy, along with the Ryan clap. The chief guest then planted a sapling along with the principal, while the students sang the plantation song.

The highlight of the ceremony was the induction of the student council, at both levels, the primary and Montessori. The Head Boy, Head Girl, House Captains, deputy house captains and HSCP captains were introduced and called upon to take their oaths. The Principal, along with Col. B.S. Reddy, conferred the badges to the newly appointed leaders, symbolizing their responsibilities and the trust placed in them by the school community.

The Oath was led by the principal Ms. Kiranmai Allu. The student leaders took the solemn oath, pledging to uphold the honour and ethos of the school. They vowed to discharge their duties with sincerity, to lead with empathy, and to strive for excellence in all their endeavours.

EVENTS AND ACTIVITIES

Olympiad Winners

Science Olympiad Foundation conducts scholarship exam every year, across the world, in various subjects to awaken the hidden potential of the students, develop the right attitude to attempt competitive exams and nourish to pursue their dreams in the right manner, preparing the students to build a brighter future and excel in their area of interest.

The school has encouraged children to participate in the Olympiad exams in the last academic year, giving children the opportunity to enjoy rewards, recognition and scholarships. The students too have proved their worth by doing very well in the SOF exams. We take immense pride in sharing with you a few glimpses of excellence awards being bestowed upon the Olympiad winners of Ryan International School, Kondapur Hyderabad. Srihaasith Pendyala of grade V secured 47th rank in the National Science Olympiad, Adhrit Singh of grade IV secured 37th rank in the National Science Olympiad and Dhasrita Sree Chalumuri of grade I won the 1st rank in the International English Olympiad.

Dhasrita Sree Chalumuri
of Grade I - RIS Kondapur,
secured International Level
1st Rank in International

PARENT'S CORNER

We as parents are really happy that our kids are part of Ryan International School.

The most important thing is that the curriculum is very good and the foundation for kids is really appreciable. They also have a good online app maintenance which helps kids to cover the entire syllabus resulting in good scores.

The school has been successful in striking an appropriate balance with Academic and Co-Curricular activities.

Children are encouraged to learn extracurricular activities like music, singing, dancing which makes them grow into confident individuals.

They're so disciplined and well nurtured by the teachers of Ryan International School.

I thank each and every staff who is involved in taking care of kids for their better future.
